# Assignment 07

07 February 2023     12:42 PM

Ques 1)
Explain the Table and its properties?
Answer

```html
<table border cellpadding="12px">
      <tr>
           <th>Sr. No</th>
           <th>Name</th>
           <th>Address</th>
           <th>Mobile-Number</th>
      </tr>
      <tr>
           <td>
               1
           </td>
           <td colspan="2">
               Ayush Singh
           </td>
           <td rowspan="3">
               Indore Mp
           </td>
           <td>
           </td>
      </tr>
      <tr>
           <td>
               2
           </td>
           <td>
               Tushar Singh
           </td>
           <td>
               Satna Mp
           </td>
           <td>
               741154263
           </td>
      </tr>
      <tr>
           <td>
               3
           </td>
           <td>
               Subham Singh
           </td>
           <td>
               Rewa Mp
           </td>
           <td>
               741154263
           </td>
      </tr>
      <tr>
           <td>
               4
           </td>
```

```html
            <td>
                Kunal Singh
            </td>
            <td>
                Bhopal Mp
            </td>
            <td>
                741154263
            </td>
        </tr>
    </table>
```

<tr> tag use for table row.
<th> tag use for table heading
<td> tag use for showing table data.
Row span-gives the size to take rows.
Colspan-gives the size to take cols.
Cellpadding-gives the inside spacing.

Ques 2)
Explain all media elements and how they work ?
Answer

```html
<!DOCTYPE html>
<html lang="en">
<head>
    <meta charset="UTF-8" />
    <meta http-equiv="X-UA-Compatible" content="IE=edge" />
    <meta name="viewport" content="width=device-width, initial-scale=1.0" />
    <title>Basic Video Audio</title>
</head>
<body>
    <h2>Video</h2>
    <video controls height="500px" width="500px"
        src="https://player.vimeo.com/external/470958268.hd.mp4?s=
1c941c37826bad4b4a82b015c2130a8979cb10b5&profile_id=174&oauth2_token_id=
57447761"></video>
    <h3>Audio</h3>
    <audio src="" controls></audio>
    <h2>Video Show Online</h2>
    <iframe width="560" height="315"
src="https://www.youtube.com/embed/ha3QcOXcUyY" title="YouTube video player"
        frameborder="0"
        allow="accelerometer; autoplay; clipboard-write; encrypted-media;
gyroscope; picture-in-picture; web-share"
        allowfullscreen></iframe>

</body>
</html>
```

I think this is info for knowing how to use media tags.

Ques 3)
What is get and post in form ?
Answer
Get method is defined to use for get the information after submiting the form and data show in the url. This is not use for sensitive information. Easy to use.

```html
<form action="" method="get">
```

Post Method is defined to use for submit the information in given path in action attribute. This is very useful.

```
<form action="" method="post">.
```

Ques 4)
List all Input types we have in forms?
Answer

```html
<form action="" method="get">
        <fieldset>
            <legend>User Details !!</legend>
            <label for="">Enter Name</label>
            <input type="text" name="username" id="name" placeholder="Enter
your Name" />
            <br />
            <label for="">Enter Email id</label>
            <input type="email" name="useremail" id="Email" placeholder="Enter
your Email" />
            <br />
            <label for="">Enter Phone Number</label>
            <input type="number" placeholder="Enter your Phone-Number" />
            <br />
            <label for="">Male</label>
            <input type="radio" placeholder="" value="male" />
            <br />
            <label for="">Female</label>
            <input type="radio" placeholder="" value="female" />
            <br />
            <label for="">Enter Date of birth</label>
            <input type="date" placeholder="Enter your Name" />
            <br />
            <label for="">Choose Movie</label>
            <br />
            <label for="">Avengers</label>
            <input type="checkbox" placeholder="" />
            <br />
            <br />
            <label for="">Tiger 3</label>
            <input type="checkbox" placeholder="" />
            <br />
            <br />
            <label for="">KGF</label>
            <input type="checkbox" placeholder="" />
            <br />
            <label for="">Choose Image</label>
            <input type="image" />
            <br />
            <label for="">Enter Url</label>
            <input type="url" />
            <br />
            <label for="">Select Flight Ticket</label>
            <select name="" id="">
                <option value="">First-Class</option>
                <option value="">Business-Class</option>
                <option value="">Economy-Class</option>
            </select>
            <br />
            <button>Submit</button>
        </fieldset>
    </form>
```

Thank you
